Having Fun in The Neighborhood

Jerry Garcia
Amphitheatre
Dedication

Let's FACE it: 2005 was an Amazing Year

Ending the concert with "Volunteers of America," the Jefferson Starship Galactic Family Reunion summed up what makes our neighborhood the special place it is. On **Saturday, October 29th** the Recreation & Parks Commission formally dedicated the amphitheater in John McLaren Park after Jerry Garcia.

This free event included proclamations, dedications and 6 hours of great music at the Jerry Garcia Amphitheater. Mayor Gavin Newsom, Supervisor Gerardo Sandoval and political guests and dignitaries made short comments between music sets.

Carolyn "Mountain Girl" Garcia said to the crowd, "Jerry would have loved this!" commenting on the mellow fans, babies, dogs and great music, just the way his concerts felt.

More than 1,300 people attended, dancing, singing and hanging out, celebrating Jerry Garcia's life, art and music and the Excelsior's great amphitheater!

Enjoying Our Parks**

Hidden Parks, Many Surprises~
It's an extraordinary view from the Gleneagles Golf Course Clubhouse.

In Cayuga Park, there are hidden paths with magical carvings created by Demi Braceros. At McNab Lake a restful area awaits the visitor to McLaren Park.
